Except as otherwise provided herein, all terms and conditions of the Contract and Agreement shall remain in full force and effect and shall apply to this Quote. As applicable for certain customers, the term "Contract and Agreement" is defined as the Software License, Hardware Purchase, and Services Agreement and the License Program Support Agreement between the parties hereto signed by Customer on June 28, 2007, as subsequently amended.

Master Services Agreement
UNION COUNTY (NC)
A004230

This Master Services Agreement (this "Agreement") is by and between Union County, acting through the Union County Sheriff's Office ("you" or "Customer") and Securus Technologies, Inc., ("we," "us," or "Provider"). This Agreement supersedes any and all other agreements (oral, written, or otherwise) that may have been made between the parties and shall be effective as of the last date signed by either party (the "Effective Date").

Whereas the Customer desires that Provider install an Inmate telecommunication system and provide telecommunications and maintenance services according to the terms and conditions in this Agreement according to the Schedule and Work Orders, which are incorporated by reference into this Agreement;

Whereas the Provider agrees to install the Inmate telecommunications system and provide telecommunications and maintenance services according to the terms and conditions in this Agreement, including any Exhibit, Schedule or Work Order, which are incorporated by reference into this Agreement;

Now therefore, in consideration of the mutual promises and covenants contained herein, the parties agree as follows:

1. Applications. This Agreement specifies the general terms and conditions under which we will perform certain Inmate-related services and applications (the "Application(s)") for you. Additional terms and conditions with respect to the Applications will be specified in the schedules entered into by the parties and attached hereto (the "Schedules"). The Schedules are incorporated into this Agreement and are subject to the terms and conditions of this Agreement. In the event of any conflict between this Agreement and a Schedule, the terms of the Schedule shall govern. In the event of any conflict between any two Schedules for a particular Application, the latest in time shall govern.
2. Use of Applications. You grant us the exclusive right and license to install, maintain, and derive revenue from the Applications through our Inmate systems (including, without limitation, the related hardware and software) (the "System") located in and around the Inmate confinement facilities identified on the Schedules (the "Facilities"). You are responsible for the manner in which you use the Applications. Unless expressly permitted by a Schedule or separate written agreement with us, you will not resell the Applications or provide access to the Applications (other than as expressly provided in a particular Schedule), directly or indirectly, to third parties. During the term of this Agreement and subject to the remaining terms and conditions of this Agreement, Provider shall be the sole and exclusive provider of Inmate related communications, including but not limited to voice, video, and data (e.g., phone calls, video calls, messaging, prepaid calling cards, debit calling, and e-mail), with the exception of any inmate communications related to judicial proceedings (e.g., telephonic hearings, video call trials), at all correctional facilities under the authority of Customer in lieu of any other third party providing such inmate communications, including without limitation, Customer's employees, agents, or subcontractors.
3. Compensation. Compensation for each Application, if any, and the applicable payment addresses are as stated in the Schedules. During the term of the Agreement, and for one year thereafter, Provider shall provide such data as may be reasonably required by Customer to verify Provider's compliance with the compensation terms of this Agreement, including any Schedule. Customer reserves the right to audit Provider's records as they relate to the provision of service and compensation to Customer to ensure compliance. In the event of such an audit Provider agrees to cooperate with Customer by providing such information and such access to Provider's records as may be reasonably necessary for Customer to establish compliance with the terms of the Agreement and any Schedule or Exhibit. Payments, if any, by Customer shall be conditioned upon appropriation by the Union County Board of Commissioners of sufficient funds for each request for service.
4. Term. The obligations of the parties shall be effective as of the Effective Date, but the "Initial Term" shall begin 120 days after the Effective Date (to allow for installation of hardware and/or implementation of network connectivity) and shall end on the date that is thirty-six (36) months thereafter. After the first eighteen (18) months of the Initial Term, Customer shall have the right to terminate this Agreement, and any applicable Schedule or work Order, without cause, during the Initial Term or any subsequent term, upon ninety (90) days' written notice to Provider. Unless one party delivers to the other written notice of non-renewal at least ninety (90) days before the end of the then current term or the Agreement is terminated as otherwise provided herein, this Agreement shall automatically renew for up to two (2) successive periods of twelve (12) months each. Notwithstanding anything to the contrary, the terms and conditions of this Agreement shall continue to apply to each Schedule for so long as we continue to provide the Application to you after the expiration or earlier termination of this Agreement.
5. Service Level Agreement and Limited Remedy. We are committed to providing you with reliable, high quality Applications and we offer certain assurances about the quality of our Applications (the "Service Level Agreement"). The Service Level Agreement for each Application is as set forth in the applicable Schedule. WE DISCLAIM ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND ANY IMPLIED WARRANTY ARISING FROM A COURSE OF DEALING OR USAGE OF TRADE.
6. Software License. We grant you a personal, non-exclusive, non-transferable license (without the right to sublicense) to access and use certain proprietary computer software products and materials in connection with the Applications (the "Software"). The Software includes any upgrades, modifications, updates, and additions to existing features that we implement in our discretion (the "Updates"). Updates do not include additional features and significant enhancements to existing features. You are the license holder of any third-party software products we obtain on your behalf. You authorize us

to provide or preinstall the third-party software and agree that we may agree to the third-party End User License Agreements, of such third-party software required to operate the Applications, on your behalf. Your rights to use any third-party software product that we provide shall be limited by the terms of the underlying license that we obtained for such product. The Software is to be used solely for your internal business purposes in connection with the Applications at the Facilities. You will not (i) permit any parent, subsidiary, affiliated entity, or third party to use the Software, (ii) assign, sublicense, lease, encumber, or otherwise transfer or attempt to transfer the Software or any portion thereof, (iii) process or permit to be processed any data of any other party with the Software, (iv) alter, maintain, enhance, disassemble, decompile, reverse engineer or otherwise modify the Software or allow any third party to do so, (v) connect the Software to any products that we did not furnish or approve in writing, or (vi) ship, transfer, or export the Software into any country, or use the Software in any manner prohibited by the export laws of the United States. We are not liable with regard to any Software that you use in a prohibited manner.

7. Ownership and Use. The System, the Applications, and related records, data, and information shall at all times remain our sole and exclusive property unless prohibited by law. In which event, we shall have the unlimited right to use such records, data, and information for investigative and law enforcement purposes. However, during the term of this Agreement and for a period of one (1) year thereafter, we will provide you with reasonable access to the records and a reasonable opportunity to convert or extract call records and recordings following termination of this Agreement. We (or our licensors, if any) have and will retain all right, title, interest, and ownership in and to (i) the Software and any copies, custom versions, modifications, or updates of the Software, (ii) all related documentation, and (iii) any trade secrets, know-how, methodologies, and processes related to our Applications, the System, and our other products and services (the "Materials"). The Materials constitute proprietary information and trade secrets of Provider and its licensors, whether or not any portion thereof is or may be the subject of a valid copyright or patent.

8. Legality/Limited License Agreement. For services related to Applications which may allow you to monitor and record inmate or other administrative telephone calls, or transmit or receive inmate electronic messages ("e-mail"); by providing the Application, we make no representation or warranty as to the legality of recording or monitoring inmate or administrative telephone calls or transmitting or receiving inmate e-mail messages. Further, you retain custody and ownership of all recordings, and inmate e-mail messages; however you grant us a perpetual limited license to compile, store, and access recordings or inmate calls and access inmate e-mail messages for purposes of (i) complying with the requests of officials of the Facility, (ii) disclosing information to requesting law enforcement and correctional officials as they may require for investigative, penological or public safety purposes, (iii) performing billing and collection functions, or (iv) maintaining equipment and quality control purposes. This license does not apply to recordings of inmate calls or e-mail messages with their attorneys or to recordings or e-mail messages protected from disclosure by other applicable privileges.

9. Confidentiality and Non-Disclosure. The System, Applications, and related call records and information (the "Confidential Information") shall at all times remain confidential to Provider. Because you will be able to access confidential information of third parties that is protected by certain federal and state privacy laws through the Software and Applications, you shall only access the Software with computer systems that have effective firewall and anti-virus protection. Notwithstanding this Section 9 or anything else in this Agreement to the contrary, Provider acknowledges that Customer is subject to Chapter 132 of the North Carolina General Statutes, the Public Records Act (the "Act"), and that this Agreement, including all documents incorporated by reference, shall be a public record as defined in such Act, and as such, will be open to public disclosure and copying. Any other specific information that is claimed by Provider to be confidential or proprietary must be clearly identified as such by Provider. To the extent consistent with the Public Records Act, Customer shall maintain the confidentiality of all such information marked confidential or proprietary. If a request is made to view Provider's proprietary information, Customer will notify Provider of the request and of the date that such records will be released to the requester unless Provider obtains a court order enjoining that disclosure. If Provider fails to obtain the court order enjoining disclosure, Customer will release the requested information on the date specified.

10. Claims. To the fullest extent allowed by applicable law, each party by itself and/or its employees, agents, or contractors agrees to be responsible for any loss, cost, claim, liability, damage, and expense (including, without limitation, reasonable attorney's fees and expenses) (collectively "Claims") arising out of (i) a breach of its own representations, warranties, and/or covenants contained herein, or (ii) gross negligence or willful misconduct, or (iii) actual or alleged intellectual property infringement. Furthermore, the parties understand and agree that each one is subject to federal, state, and local laws and regulations, and each party bears the burden of its own compliance.

11. Insurance. At Provider's sole expense, Provider shall procure and maintain the following minimum insurances with insurers authorized to do business in North Carolina and rated A-VII or better by A.M. Best.

A. Provider's General Liability policy shall be endorsed, specifically or generally, to include the following as Additional Insured:

UNION COUNTY, ITS OFFICERS, AGENTS AND EMPLOYEES

B. Before commencement of any work or event, Provider shall provide a Certificate of Insurance in satisfactory form as evidence of the Insurances required above.

C. Provider shall have no right of recovery or subrogation against Union County (including its officers, agents and employees), it being the intention of the parties that the insurance policies so affected shall protect both parties and be primary coverage for any and all losses covered by the above-described insurance.

D. Union County shall have no liability with respect to Provider's personal property whether insured or not insured. Any deductible or self-insured retention is the sole responsibility of Provider.

E. Notwithstanding the notification requirements of the insurer, Provider hereby agrees to notify Union County's Risk Manager, Tiffany Allen, at 500 N. Main Street # 130, Monroe, NC 28112, within two (2) days of the cancellation or substantive change of any insurance policy set out herein. Union County, in its sole discretion, may deem failure to provide such notice as a breach of this Agreement.

F. The Certificate of Insurance should note in the Description of Operations the following:

Department: Sheriff's Office
Contract #: 3361

G. Insurance procured by Provider shall not reduce nor limit Provider's contractual obligation to indemnify, save harmless and defend Union County for claims made or suits brought which result from or are in connection with the performance of this Agreement.

H. Certificate Holder shall be listed as follows:

Union County
Attention: Tiffany Allen, Risk Manager
500 N. Main Street, Suite #130
Monroe, NC 28112

I. If Provider is authorized to assign or subcontract any of its rights or duties hereunder and in fact does so, Provider shall ensure that the assignee or subcontractor satisfies all requirements of this Agreement, including, but not limited to, maintenance of the required insurances coverage and provision of certificate(s) of insurance and additional insured endorsement(s), in proper form prior to commencement of services.

12. **Default and Termination.** If either party defaults in the performance of any obligation under this Agreement, then the non-defaulting party shall give the defaulting party written notice of its default setting forth with specificity the nature of the default. If the defaulting party fails to cure its default within thirty (30) days after receipt of the notice of default, then the non-defaulting party shall have the right to terminate this Agreement upon written notice and pursue all other remedies available to the non-defaulting party, either at law or in equity. Notwithstanding the foregoing, the thirty (30) day cure period shall be extended to forty-five (45) days if the default is not reasonably susceptible to cure within such thirty (30) day period, but only if the defaulting party has begun to cure the default during the thirty (30) day period and diligently pursues the cure of such default. If a defaulting party has already defaulted, and cured, a problem or issue, and the same or similar problem or issue again causes the defaulting party to default, then the non-defaulting party may terminate the Agreement upon written notice to the defaulting party without a cure period.

13. **Indemnification.** Provider agrees to protect, defend, indemnify and hold Client, its officers, employees and agents free and harmless from and against any and all losses, penalties, damages, settlements, costs, charges, professional fees or other expenses or liabilities of every kind and character arising out of or relating to any and all claims, liens, demands, obligations, actions, proceedings, or causes of action of every kind in connection with or arising out of this Agreement and/or the performance hereof that are due, in whole or in part, to the negligence of Provider, its officers, employees, subcontractors or agents. Provider further agrees to investigate, handle, respond to, provide defense for, and defend the same at its sole expense and agrees to bear all other costs and expenses related thereto.

14. **Uncontrollable Circumstance.** We reserve the right to renegotiate or terminate this Agreement upon sixty (60) days advance written notice if circumstances outside our control related to the Facilities (including, without limitation, changes in

rates, regulations, or operations mandated by law; material reduction in inmate population or capacity; material changes in jail policy or economic conditions; acts of God; actions you take for security reasons (such as lock-downs)) negatively impact our business; however, we shall not unreasonably exercise such right. Further, Customer acknowledges that Provider's provision of the services is subject to certain federal, state or local regulatory requirements and restrictions which are subject to change from time-to-time and nothing contained herein to the contrary shall restrict Provider from taking any steps necessary to perform in compliance therewith.

15. Injunctive Relief. Both parties agree that a breach of any of the obligations set forth in the sections entitled "Software License," "Ownership and Use," "Claims," and "Confidentiality" would irreparably damage and create undue hardships for the other party. Therefore, the non-breaching party shall be entitled to immediate court ordered injunctive relief to stop any apparent breach of such sections, such remedy being in addition to any other remedies available to such non-breaching party.

16. Force Majeure. Either party may be excused from performance under this Agreement to the extent that performance is prevented by any act of God, war, civil disturbance, terrorism, strikes, supply or market, failure of a third party's performance, failure, fluctuation or non-availability of electrical power, heat, light, air conditioning or telecommunications equipment, other equipment failure or similar event beyond its reasonable control; provided, however that the affected party shall use reasonable efforts to remove such causes of non-performance. If a party is unable to perform its duties for more than thirty (30) cumulative days due to a force majeure event or circumstance, the party whose performance is not affected by the force majeure event or circumstance may terminate the Agreement upon notice to the other party.

17. Notices. Any notice or demand made by either party under the terms of this Agreement or under any statute shall be in writing and shall be given by personal delivery; registered or certified U.S. mail, postage prepaid; or commercial courier delivery service, to the address below the party's signature below, or to such other address as a party may designate by written notice in compliance with this section. Notices shall be deemed delivered as follows: personal delivery – upon receipt; U.S. mail – five days after deposit; and courier – when delivered as shown by courier records.

18. No Third-party Beneficiary Rights. The parties do not intend to create in any other individual or entity the status of a third-party beneficiary, and this Agreement shall not be construed so as to create such status. The rights, duties, and obligations contained herein shall operate only between the parties and shall inure solely to their benefit. The provisions of this Agreement are intended to assist only the parties in determining and performing their obligations hereunder, and the parties intend and expressly agree that they alone shall have any legal or equitable right to seek to enforce this Agreement, to seek any remedy arising out of a party's performance or failure to perform any term or condition of this Agreement, or to bring an action for the breach of this Agreement.

19. Miscellaneous. This Agreement shall be governed by and construed in accordance with the laws of the State of North Carolina. No waiver by either party of any event of default under this Agreement shall operate as a waiver of any subsequent default under the terms of this Agreement. If any provision of this Agreement is held to be invalid or unenforceable, the validity or enforceability of the other provisions shall remain unaffected. This Agreement shall be binding upon and inure to the benefit of Provider and Customer and their respective successors and permitted assigns. Except for assignments to our affiliates or to any entity that succeeds to our business in connection with a merger or acquisition, neither party may assign this Agreement without the prior written consent of the other party. Each signatory to this Agreement warrants and represents that he or she has the unrestricted right and requisite authority to enter into and execute this Agreement, to bind his or her respective party, and to authorize the installation and operation of the System. Provider and Customer each shall comply, at its own expense, with all applicable laws and regulations in the performance of their respective obligations under this Agreement and otherwise in their operations. Nothing in this Agreement shall be deemed or construed by the parties or any other entity to create an agency, partnership, or joint venture between Customer and Provider. This Agreement cannot be modified orally and can only be modified by a written instrument signed by all parties. The parties' rights and obligations, which by their nature would extend beyond the termination, cancellation, or expiration of this Agreement, shall survive such termination, cancellation, or expiration (including, without limitation, any payment obligations for services or equipment received before such termination, cancellation, or expiration). This Agreement may be executed in counterparts, each of which shall be fully effective as an original, and all of which together shall constitute one and the same instrument. This Agreement, together with the Schedule, Exhibit A: Customer Statement of Work and Exhibit B: Automated Information Services which are each attached and incorporated herein by reference, constitutes the entire agreement of the parties regarding the subject matter set forth herein and supersedes any prior or contemporaneous oral or written agreements or guarantees regarding the subject matter set forth herein.

Provider warrants that Provider and any subcontractor performing work under this Agreement: (i) uses E-Verify if required to do so by North Carolina law; and (ii) otherwise complies with the requirements of Article 2 of Chapter 64 of the North Carolina General Statutes. A breach of this warranty by Provider will be considered a breach of this Agreement, which entitles Customer to terminate this Agreement, without penalty, upon notice to Provider.

Schedule
UNION COUNTY (NC)
A004230

This Schedule is between Securus Technologies, Inc. ("we" or "Provider"), and Union County, acting through the Union County Sheriff's Office ("you" or "Customer") and is part of and governed by the Master Services Agreement (the "Agreement") executed by the parties. The terms and conditions of the Agreement are incorporated herein by reference. This Schedule shall be coterminous with the Agreement ("Schedule Effective Date").

A. General Schedule Provisions. Notwithstanding anything herein to the contrary, the following terms and conditions shall apply to Provider's provision of services under this Schedule:

1. The Union County Sheriff ("Sheriff") may, in his discretion, revoke telephone privileges of certain inmates as necessary for the safe and efficient operation of the Facility.
2. Provider will provide the services in this Schedule so that they allow the Sheriff or his staff to perform each of the following:
 - a. Flag certain telephone numbers to trigger an alert when that number is attempted by an inmate.
 - b. Designate free local calls to specific numbers, programmable both remotely and/or on-site.
 - c. Terminate calls after 10 minutes or some other set period of time to be determined and mutually agreed by the Sheriff and Provider.
3. The telephone services and System provided under this Schedule must also:
 - a. Be outward-calling only.
 - b. Block calls to directory assistance (411), provided inmates have access to copies of a current local telephone book, including white and yellow pages.
 - c. Block credit card calls, third number calls, 1 + sent-paid calls, 0 + sent-paid calls, 0-sent-paid calls, 0-calls, toll free 8XX calls, 900 calls, 950 calls, 911 calls, 10xxx and 101xxxx calls, and block additional dialing after any local calls, unless otherwise expressly provided for in this Schedule.
 - d. Enable a party to block calls to their phone from the Facility, without involving the Sheriff or his staff.
 - e. Provide bi-lingual voice prompts (English and Spanish) to instruct and assist the inmate and called party during the progress of the call; with the ability to add additional language prompts at no additional cost.
 - f. Give the inmate a clear explanation of why a call was not successfully completed.
 - g. "Brand" each call with the following message: *"This is a collect call from inmate [recording of inmate's name] from the Union County Jail. All calls are recorded and subject to review. Do you accept this call under these conditions?"* or a message containing similar information. The called party will be provided with an option to receive any applicable rate quote and payment options prior to accepting the call.
4. The quantity and placement of all equipment to be provided at the Facility, unless otherwise expressly provided in this Schedule, shall be determined by Provider, subject to prior approval by the Sheriff, and may be adjusted as necessary.
5. If the Sheriff, for any reason, feels that a particular employee or agent of Provider is unacceptable for work or in any way jeopardizes the security or hinders the goals or operation of the Facility, the Sheriff may cause the employee or agent to vacate the Facility immediately.
6. The Sheriff reserves the right to check references and police records of any of Provider's employees or agents working in the Facility. If it is found that a particular employee has a police record which, in the Sheriff's sole opinion, might create problems for the Facility, the Sheriff reserves the right to have that employee or agent replaced.
7. The equipment utilized for the provision of services under this Schedule must be of highly durable construction and designed specifically for use in the confinement environment. Each inmate telephone must be securely installed with NO exposed conduit in the areas occupied by inmates.
8. Provider agrees to conform with all applicable local, state, and federal requirements concerning the provision of services under this Schedule to those with disabilities, as defined by the Americans with Disabilities Act (the "ADA"), or other applicable requirements.

B. Applications. We will provide the following Applications:

CALL MANAGEMENT SYSTEM

DESCRIPTION:

Secure Call Platform: Secure Call Platform ("SCP") provides through its centralized system automatic placement of calls by inmates without the need for conventional live operator services. In addition, SCP has the ability to (a) monitor and record inmate calls, (b) automatically limit the duration of each call to a certain period designated by mutual agreement between Provider and Customer, (c) maintain call detail records in accordance with our standard practices and the terms of this Schedule and the Agreement, (d) automatically shut the System on or off, and (e) allow free calls to the extent required by applicable law and this Schedule. We will be responsible for all billing and collections of inmate calling charges but may contract with third parties to perform such functions. SCP will be provided at the Facilities specified in the chart below.

COMPENSATION:

Collect Calls. We will pay you commission (the "Commission") based on the Gross Billed and Collected Revenues that we earn through the completion of collect calls placed from the Facilities as specified in the chart below. "Gross Billed and Collected Revenue" means all charges billed and collected by us relating to collect calls placed from the Facilities. Regulatory required and other items such as federal, state and local charges, taxes and fees, including transaction funding fees, transaction fees, credits, billing recovery fees, charges billed by non-LEC third parties, technology and license fees, and promotional programs are excluded from revenue to the Provider. Due to delays in collection of payments for inmate collect revenue, a period average to calculate bad debt will apply. We shall remit the Commission for a calendar month to you on or before the 30th day after the end of the calendar month in which the calls were made (the "Payment Date"). All Commission payments shall be final and binding upon you unless we receive written objection within sixty (60) days after the Payment Date. Your payment address is as set forth in the chart below. You shall notify us in writing at least sixty (60) days before a Payment Date of any change in your payment address.

TouchPay Kiosk Repayment. We agree to pay on your behalf up to \$1,500.00 per month for one (1) intake kiosk from TouchPay during the term of the Agreement for so long as TouchPay is able to provide such a kiosk to Customer. Provider is not responsible for the performance of the kiosk and agrees to pay the monthly payment for the product on your behalf as a technology grant. In exchange, Customer agrees to repay Provider the monthly payment via commission deduction. If the TouchPay Kiosk Repayment exceeds the Commission for the relevant month or if, for any reason, the Agreement terminates or expires during the relevant month, then we will invoice you for the balance which shall be due within thirty (30) days after receipt of an accurate invoice.

SERVICE LEVEL AGREEMENT

We agree to repair and maintain the System in good operating condition (ordinary wear and tear excepted), including, without limitation, furnishing all parts and labor. All such maintenance shall be conducted in accordance with the service levels in Items 1 through 10 below. All such maintenance shall be provided at our sole cost and expense unless necessitated by any misuse of, or destruction, damage, or vandalism to any premises equipment by you (not inmates at the Facilities), in which case, we may recoup the cost of such repair and maintenance through either a Commission deduction or direct invoicing, at our option. You agree to promptly notify us in writing after discovering any misuse of, or destruction, damage, or vandalism to, the said equipment. If any portion of the System is interfaced with other devices or software owned or used by you or a third party, then we shall have no obligation to repair or maintain such other devices or software. This SERVICE LEVEL AGREEMENT does not apply to any provided Openworkstation(s) (see below). For the services contemplated hereunder, we may provide, based upon the facilities requirements, two types of workstations (personal computer / desktop / laptop / terminal): The "Openworkstation" is an open non-secured workstation which permits administrative user rights for facility personnel and allows the facilities an ability to add additional third-party software. Ownership of the Openworkstation is transferred to the facility along with a three-year product support plan with the hardware provider. We have no obligation to provide any technical and field support services for an Openworkstation. CUSTOMER IS SOLELY RESPONSIBLE FOR THE MAINTENANCE OF ANY OPENWORKSTATIONS(S).

1. Outage Report: Technical Support. If either of the following occurs: (a) you experience a System outage or malfunction or (b) the System requires maintenance (each a "System Event"), then you will promptly report the System Event to our Technical Support Department ("Technical Support"). You may contact Technical Support 24 hours a day, seven days a week (except in the event of planned or emergency outages) by telephone at 866-558-2323, by email at TechnicalSupport@securustech.net, or by facsimile at 800-368-3168. We will provide you commercially reasonable notice, when practical, before any Technical Support outage.

2. Priority Classifications. Upon receipt of your report of a System Event, Technical Support will classify the System Event as one of the following three priority levels:

Priority 1	30% or more of the functionality of the System is adversely affected by the System Event.
Priority 2	5% - 29% of the functionality of the System is adversely affected by the System Event.
Priority 3	5% or less of the functionality of the System is adversely affected by the System Event. Single and multiple phones related issues.

3. Response Times. After receipt of notice of the System Event, we will respond to the System Event within the following time periods:

Priority 1	2 hours
Priority 2	24 hours
Priority 3	72 hours

4. Response Process. In the event of a System Event, where the equipment is located on Customer premises, Technical Support will either initiate remote diagnosis and correction of the System Event or dispatch a field technician to the Facility (in which case the applicable regional dispatcher will contact you with the technician's estimated time of arrival), as necessary. In the event a System Event occurs in the centralized SCP system, technical support will initiate remote diagnosis and correction of the System Event.

5. Performance of Service. All of our repair and maintenance of the System will be done in a good and workmanlike manner at no cost to you except as may be otherwise set forth in the Agreement. Any requested modification or upgrade to the System that is agreed upon by you and us may be subject to a charge as set forth in the Agreement and will be implemented within the time period agreed by the parties.

6. Escalation Contacts. Your account will be monitored by the applicable Territory Manager and Regional Service Manager. In addition, you may use the following escalation list if our response time exceeds 36 hours: first to the Technical Support Manager or Regional Service Manager, as applicable, then to the Director of Field Services, then to the Executive Director, Service.

7. Notice of Resolution. After receiving Internal notification that a Priority 1 System Event has been resolved, a technician will contact you to confirm resolution. For a Priority 2 or 3 System Event, a member of our customer satisfaction team will confirm resolution.

8. Monitoring. We will monitor our back office and validation systems 24 hours a day, seven days a week.

9. Required IGR. You are responsible for providing a dedicated Isolated grounded receptacle ("IGR") for use in connection with the primary System. Upon request we will provide you with the specifications for the IGR. If you are unable to or do not provide the IGR, then we will provide the IGR on a time and materials basis at the installer's then-current billing rates, provided that we are not responsible for any delay caused by your failure to provide the IGR.

INSTANT PAY™ PROGRAM

DESCRIPTION

The Instant Pay Program will offer the called party additional options to connect the call as well as provide information and promotional messaging on how to create a prepaid AdvanceConnect™ Account.

COMPENSATION

With Pay Now™, the called party may immediately pay using a credit or debit card for one single call or may elect to setup and / or fund a prepaid AdvanceConnect account. If (a) an inmate attempts a call to a mobile phone, (b) the facility allows calls to mobile phones, and (c) the call cannot be billed by Provider, then call control will be assumed by our third-party provider. Our third-party provider will prompt the called party to double opt-in to accept and confirm the charges for a premium SMS text message and continue the call. Charges for the message are billed by the called party's mobile provider on their mobile phone bill. The called party receives a text message receipt for the call charges and is given instructions on how to open a prepaid AdvanceConnect™ account. Text2Connect™ is available through our third-party processor who maintains relationships with select mobile phone companies around the country and manages the connection.

Text2Connect™ promotional calls are not commissionable, and Provider will pay the Customer a bonus payment of thirty cents (\$0.30) for each transaction fee billed and collected by the wireless carrier completed through the Text2Connect™ platform. Exhibit B: AUTOMATED INFORMATION SERVICES UNION COUNTY (NC)

This Exhibit B is made part hereto and governed by the Master Services Agreement (the "Agreement") executed between Securus Technologies, Inc. ("we" or "Provider"), and Union County, acting through the Union County Sheriff's Office ("you" or "Customer"). The terms and conditions of said Agreement are incorporated herein by reference. This Exhibit B shall be coterminous with the Agreement.

1. DESCRIPTION.

We will provide the Automated Information Services (AIS™) through our third party vendor, Telarus, as described herein. The AIS™ application is designed to automate internal inquiries from detainees and outside calls from friends and family members on one single platform. In addition, the application is designed to allow inmates' friends & families the ability to open or fund a pre-paid telephone account as well as fund an inmate's trust account. The application is accessed through a telephone IVR system that is available to all callers. Once facility staff has uploaded all required information, the system is able to automate information such as:

- Commissary Balances (Pending MIS system data flow)
- Charge Information
- Court Appearance Dates, Times, Locations
- Bond Amounts, Types
- Projected Release Dates
- Visitation Eligibility, Times

Automated Information Services 2.0 is configurable to meet the specific needs of your facility. The standard option includes automation of inmate and facility information to constituents who call your existing main telephone number and to inmates at your facility. You can also choose to add any of the following additional options (check all that apply):

- ✓ Automation of inmate and facility information to constituents (standard)
- ✓ Automation of inmate and facility information to inmates (standard)
- ✓ Ability to open or fund a Securus pre-paid telephone account
- ✓ Ability to fund an inmate trust account

The application provides all information automatically without staff intervention 24/7 from any standard day-room or outside telephone with no new wiring required. Facility staff personnel must maintain information on the system. Customer shall be responsible for any/all integration fees incurred by their JMS/MIS system provider in order for AIS to receive inmate data.

2. COMPENSATION:

Notwithstanding anything herein to the contrary, Customer shall not be charged for any of the AIS™ application services described in this Exhibit B.

NOW, THEREFORE, as of the Second Amendment Effective Date and in consideration of the mutual promises and covenants contained herein, the parties agree as follows:

1. Additional Applications. As of the Second Amendment Effective Date, the LOCATION BASED SERVICES section on page 12 of the Agreement is deleted in its entirety and the following Applications are added to the Agreement:

LOCATION BASED SERVICES

DESCRIPTION:

Securus' Location Based Services ("LBS") provides Customer with a mobile device user's approximate geographical location ("Mobile Location Data" or "MLD") by way of (i) information derived from calls placed on a Securus device by an Inmate confined at a Customer Facility and received by such mobile device user, or (ii) mobile device user information (such as mobile device number) provided to Securus by Customer. Customer will comply with all privacy, consumer protection, marketing, and data security laws and government guidelines applicable to Customer's access to and use of information obtained in connection with or through the Location-Based Services application. Customer acknowledges and understands that the Customer is solely responsible for its compliance with such laws and that Provider makes no representation or warranty as to the legality of the use by Customer of the Location-Based Services application or the information obtained in connection therewith. Provider will have no obligation, responsibility, or liability for Customer's compliance with any and all laws, regulations, policies, rules or other requirements applicable to Customer by virtue of its use of the Location-Based Services application.
